Friends: for Over 25 Years I have grown and sold SEEDS. My Catalog is filled from cover to cover with high-grade, tested seeds, sent out under a positive guarantee to please you. My Catalog is small. No flashy, lumberly pages for YOU to pay for. No extravagant prices to match the enormous expense of business done in the city. Do not forget this.

Please Remember I am not a big city seedsman whose business is all done by disinterested clerks, knowing nothing and caring nothing about gardening. I personally attend to your orders, and try honestly to serve you with the best that can be produced.

I thank You Friends one and all, for your liberal patronage and especially for your kind words. I wish I deserved them more. I know it is my earnest desire to prove myself worthy of your confidence. With thanks and best wishes. Your Friend, A. T. COOK,

Good Luck
to You
My Friend.

To My Friends and Customers.

Dear Friends:—I am a Farmer's Son and followed the plow for years. My ancestors were Quakers—all Farmers from time immemorial. I grew up on the farm—an old Farmers and Gardeners in fertile Dutchess Co., and early indeed did I learn this truth, that **HIGH GRADE, SELECTED** seeds were **ABSOLUTELY NECESSARY** for the best success. I have followed Seed-Growing and Seed-Selling for 25 years. It has been my sole life's work and I think I know my business. I am proud to say I am **NOT** a "City Seedsman."

Your Friend, A. T. Cook.

I am situated on the banks of the beautiful Hudson River—right among expert Farmers and Gardeners. I have the very best mailing facilities—seven mails each way every day.

I am situated on the banks of the beautiful Hudson River—right among expert Farmers and Gardeners. I have the very best mailing facilities—seven mails each way every day.

Promptness is my motto. I aim to fill every order the same day received. I give you **GOOD** measure in **GOOD** seeds. I am positive I can give **FAR BETTER** Premiums, better Discounts, and many more 'Extras' than you would get elsewhere. There is a good reason for this. Your money does NOT go to pay for bulky, flashy catalogs, expensive city clerks, and costly advertising. I put the real value **INSIDE** my seed packets.

I **PERSONALLY** invite everyone to get up clubs. No one should overlook the opportunities I offer for making money. Remember I **GIVE** my customers what others **PAY** for advertising.

DEAR FRIENDS. I thank you one and all for your orders, for the clubs you have sent, and most of all for your kind words. I am glad to know I have made some homes brighter, and some hearts glad. My business shows—in its tremendous increase—that my seeds and my earnest efforts to please, have both been a success, and are fully appreciated by those who **KNOW** what good seeds are.

Special to All. In response to many requests, I insert my portrait in my catalog. I wish to say I will be much pleased to receive Photos of any of my customers—or of their homes, scenery, etc.—when they send in their orders. I carefully preserve all, and treasure them most highly. I will add **VERY LIBERALLY** of seeds to orders of those thus favoring me, and will remember them further at some future time. Be sure and write your name and address on back of all Photos. Thanking you in advance, and with best wishes. Yours Kindly, **A. T. COOK.**

WE CAN NEVER BE TOO CAREFUL WHAT THE SEED OUR HANDS SHALL SOW;

Questions Answered, Instructions to Club Agents, Etc.

Questions Answered. Friends:—This Catalog contains full particulars of my seed business. Everything is explained in regard to my seeds, Premiums, extras, discounts, getting up clubs, sending remittance, etc., etc. Read especially 2nd, 3rd, and middle pages, Order Sheet, etc.

You will find everything plain, and the greatest bargains you ever heard of. You can make no mistake—so go right ahead and send in your own—or a club order, and select the Premium you wish. (Or if you prefer the cash discount instead of a premium, deduct one-third from the regular catalog price for your share.)

Remittance Must accompany each and every order. I keep no books or b. o. k-keeper.

I Never sell on credit or commission, or C. O. D. Please don't ask it. It's an Old Fogey plan anyway.

No One can give half as good bargains as I do and do business such an expensive way.

If You Have no money, get a friend to advance some for a few days—(till the seeds are delivered.)

The Premiums or Discounts are on EVERYTHING offered, and Extras are always added.

All my Selected, High Grade Seeds are sold in large packets only—never in bulk.

I am a Specialist, and do not catalog the hundreds of worthless sorts. It don't pay to grow them.

I Can only furnish the seeds, etc., offered in my catalog. They are the very best that grow.

No Seeds are ever returned. My seeds are always fresh and new—best quality, sure to grow.

This Catalog contains my BEST and ONLY terms. They were never equaled by any seedsman.

When Premiums are wanted, full catalog price must be paid.

No Tobacco seed sold. I do not believe it right to grow the vile stuff, to use it, or sell it.

I Never sell my Premiums, but give them free for orders. Anyone can obtain them.

All Seeds are put up in large, handsome packets, with full directions for planting, etc.

Novelties and Extras I give with orders are ALWAYS my own selection.

Club-Raisers. Be sure and promise the Extras to your customers, for it will double your sales.

No Order filled for less than quantity stated. No 5c. packets of the 10c. varieties.

Seeds Are all tested, and known to be extra quality. If any fail to please, they will be replaced free.

Club raising is very easy. Your own order and your parent—count same as any.

If No Premium is ordered (or discount taken) I always send 50c. worth Additional in Extras on each \$1.

Important. Please write plainly with ink, and give name and address every time.

ORDERS FILLED PROMPTLY. Orders are always filled with great promptness, but are sometimes delayed a few days in the mails. Don't be in too much haste to complain. Wait a little, and before you write ask your Postmaster to look well for your package, as they are often too large for the boxes and may be laid one side and overlooked. If necessary to write be sure and state WHAT you ordered, WHEN, also AMOUNT, and in WHAT WAY you remitted, so it can be traced.

LITTLE THINGS. Sign your name and address to every order. I have orders I cannot fill because I cannot GUESS where they go. Write plainly with ink, it may save mistakes. Don't cut up your Catalog; they cost money. Give the extra one to your friend.

ALL CLUB ORDERS are sent direct to Agents. Put your name and address only on the order to save mistake. (Should you wish part mailed to distant Postoffices, write such orders, name, and address, each on a SEPARATE SHEET.) \$3.00 clubs and under for premiums must be in one order. Larger clubs may be sent in two orders if necessary—but be sure and say in

the first order that you are working for a premium. A HINT. Many Club Agents offer to take eggs, etc., in payment when parties have no money—and thus largely increase their orders. These are sold for cash at any grocery store. Try it.

MISTAKES. With all my care I sometimes make mistakes; so does every one. I earnestly desire to correct every one here in this life—for I can never return to do it. If everything is not right please do me the kindness to write and explain—pleasantly if you can, but write anyway. You run no risks.

IMPORTANT TO ALL. Three packets for 25 cts. may be ordered of any 10c. variety—even when a premium or regular discount is taken. Club Agents—be sure and mention this when taking orders.

TO CANADA CUSTOMERS. I have a host of Canada customers who have found my extremely early, hardy varieties admirably suited to their short seasons—producing the most bountiful crops. I send everything by mail, fully prepaid, but do not pay duty which is sometimes required on some of the goods. This however if any—will be but little. I always add free, enough Premiums and Extras to pay this several times over. I PREFER remittance by Money Order—or Bills—but will accept Canada stamps.

ON EVERYTHING. My Premiums or Discounts are on EVERYTHING OFFERED. No other Seedsman does this. No other Seedsman gives as liberal premiums, or as big Discounts—or as large packets—or as many Novelties and Extras free as I do. THIS IS MY WAY of advertising, and I KNOW MY FRIENDS who get the benefit WILL HELP ME—as they always have.

Money Made, or Useful Premiums Earned Easily and Quickly.

Few Indeed who have not tried it have any idea how easy, pleasant and profitable it is to get up clubs for my seeds. You know your friends and neighbors all buy seeds every year of some one, and they will be only too glad to give you their orders if you will but ask them. Many desire to earn "pin money" and surely there never was an easier or pleasanter way than this to get pin money in abundance. Many thousand send me clubs every year. You can do as well. All who try are absolutely sure of earning big wages or securing valuable Premiums free of cost. NOW is the time to get up your club. Please take this catalog and begin at once to take orders.

Cash Discounts. If you are working for CASH you may keep ONE-THIRD on all the orders you get (sending me but \$1.00 for \$1.50 worth—\$2.00 for \$3.00 worth, etc.) This extraordinary discount, which is greater than given by any other seedsman, covers EVERYTHING offered in my catalog and circulars. Remember this. If you cannot raise a club, kindly tell some one who can. Any one should easily obtain \$5.00 to \$20.00 in orders a day and one-third is clear profit.

Premiums. Many club-raisers prefer Premiums. My terms are equally liberal here. I give elegant Watches, Fountain Pens, Talking Machines, Stereo-

scopes, Cameras, Sewing Machines, etc.—all of extra quality—for small clubs. See particulars elsewhere.

BOYS AND GIRLS are among my most successful club-raisers. They always do well if they try. I sent them over 1,000 of my beautiful watches last year, besides many other premiums, to their great delight. Parents everywhere should encourage their children to get up clubs, for nothing could benefit them more than such practical business lessons. Give them your own order to start with.

MY PREMIUMS are all fully guaranteed. Many wonder how I can give such extremely valuable ones for small orders. It is done to advertise my gilt edge seeds, of course, and my customers get the benefit. I had rather give it to my friends than pay it to the newspapers. This is the whole secret.

I Will Look for a large club from you—but send a club anyway, no matter how small. My packets are so large and well filled, I give so many extras, and price is so low, that your success must be certain.

If You Wish more catalogs to distribute, I will send them gladly, and help you all I can; write for all you can use. I will look for your club; please do not disappoint me. With best wishes for your success I am,
Sincerely Yours, A. T. COOK.

There is nothing like them. Extremely early, of the easiest culture, surprising yielder, covering the ground with its golden fruit. They grow from the seed in 80 days. I am sure you will be very much pleased with it.

From Prof. W. H. Morse, M. D., F. B. S. S. Co.

Westfield, N. J., Feb. 13th, 1903.

My Dear Ad(ways) T(rue) Cook. Your Honest Catalog has come again. Every year adds to my faith in Cook's seeds.

Those Vegetable Peaches, Domestic Coffee, and Cinnamon Vines were more wonderful, more pleasing, and more fascinating than ever.

The Cinnamon Vine was the marvel of the city; and the peaches and coffee not only gave large crops but attracted the attention of the whole section. All other seeds did well.

The Perfection Parsnips, which came to my table for dinner to-day deserve especial mention. In more than a quarter-century's experience with experimental gardens, nothing in the way of seeds has ever pleased me more, and if it will do you any good you can say that Cook and his seeds are guaranteed by me.

NEW DOMESTIC COFFEE SEED.

This makes a delicious, nourishing drink, to take the place of injurious coffee. It is a pure food drink that gives health and great strength to young and old. By all odds the best coffee substitute ever discovered. It has the rich, deep brown color of old Java. Thousands pronounce it as good as the best store coffee. One of the hardiest, easiest raised, and most productive of all

plants. See Photo showing its amazing productiveness. Thousands suffer untold injury from store coffee. Better grow the new kind at one-tenth its cost, and save your health—and money—\$10, to \$20, or more every year. It is as easily raised as corn or beans, and does well on all soils. You can raise all your own coffee at a nominal price. Plant a liberal quantity.

Besides its great value for coffee—it is a splendid poultry food and a GREAT egg producer. It will put money in your pocket. The Experimental Station report that it has MORE THAN DOUBLE the feeding value of either corn or wheat.

R. E. Green, Mgr. Boise Irrigation Co. of Idaho writes:—I am much pleased with your Domestic Coffee. It is immeasurably superior to the average coffee that people use. It makes a drink fit at least for the lesser Gods. I enclose order for 30 packets.

Margaret Clark, Noble Co., Ohio, writes:—It is the nearest the genuine coffee of anything I ever tried, and is an enormous yielder. I am more than pleased with it. I have fooled many a visitor who supposed they were drinking real coffee.

From Prof. W. H. MORSE, M. D., F. B. S. Sc.

Mr. A. T. Cook. Dear Sir:—This is to certify that your new Domestic Coffee, upon being tested in the laboratory, evinces a highly nutritious character, a rich flavor, and a remarkably pleasant taste. Morse, Consulting Chemist. The Anatomical Bureau, Westfield N. J.

ENCOURAGE GOOD HEALTH

By the free use of seasonable vegetables. Nearly every vegetable supplies something needed by the system. Celery, Rhubarb, Spinach, Lettuce, Asparagus, Salsify, and Onions are especially beneficial. Use Vegetables freely. They will cure nearly all the ills that flesh is heir to.

Shun as a pestilence all deadly drugs—and the much advertised patent or quack medicines—nearly every one is the vilest deception of alcohol, opium, or morphine. They will only increase your trouble. Their persistent use leads to drunkenness—or the mad house. Don't touch them. Nature alone cures. Live temperately, eat properly, exercise liberally, breathe abundantly of pure, fresh air day and night, winter and summer, and 99 cases in a hundred you will get well, and keep well.

Colorado Preserving Citron.

This is quite distinct and far superior to the ordinary citron, the seeds being a light green color. It is immensely productive; one vine produced 25 fine melons, weighing from 10 to 30 lbs. each. The flesh is very firm and solid with few seeds, and makes beautiful, clear, transparent preserves of surpassingly fine flavor. All should plant this citron for market and home use. It is a grand seller and will make you money. Pkt 5 cts.

Early Snowball Cauliflower.

The earliest, the surest header, the best and most profitable of all cauliflowers. No other variety compare with it. Snowball cauliflower is the standard everywhere for superb quality with all market and private gardeners. It is a very compact grower, and is absolutely certain to form a good sized head when the conditions are right; is good the entire season, and is rapidly driving out the late sorts for all use. Cauliflowers are

easily raised, and every family should grow a supply.

My seed is American grown and very choice.

Packet 15 cts. 2 for 25 cts. 8 for \$1.00.

WHITE CHINESE WINTER RADISH.

A magnificent, new Celestial variety, of enormous size and exquisite flavor. By far the best and most tender for late fall and winter use. The flesh is always crisp, mild and juicy—very refreshing. These giant Radishes grow from 10 to 15 inches long and 4 to 5 inches in diameter.

The skin pure paper-white—very handsome. Flesh always crisp, mild and juicy. Easily grown and an immense yielder. Winter Radishes deserve more attention. They are a great luxury in winter, and always sell at good prices.

Plant about July 1st, and pull late, and store in a cellar in boxes of moist earth.

Large Pkt. 10 cts. 3 for 25 cts.

My Great Sewing Machine Premium.

A. T. Cook. Dear Sir:—"Last January wife and I got up a \$30.00 order for your seeds in 10 days, and received a fine, Drop Head, 5 Drawer Sewing Machine, with full set of attachments, as a Premium. It is equal to any of the machines sold around here from \$25.00 to \$45.00 each. We have bought seeds from different firms and find yours good as the best."

Yours truly, Geo. A. Fisher, Baker Co. Oregon.

This year I give this elegant Sewing Machine free for a \$20.00 order for anything in my catalog—or one much nicer and better for a \$25.00 order. It is the most wonderful bargain ever heard of. Why not get one also—or assist some poor woman to obtain one? It is very easy. Begin to-day. Everything is guaranteed.

New Palmetto Asparagus—True Stock.

DECIDEDLY THE BEST IN THE WORLD.

This new variety is the finest ever cultivated. After years of trial in all sections, it is pronounced by all to be far in advance of all others, being much earlier—far better flavor and double the size. Indeed this variety is so superior that gardeners are plowing out their old sorts and planting with Palmetto. It is remarkably tender, rich and buttery when cooked. No other can compare.

Every family should have a supply of this very healthful and delicious vegetable.

My seed is pure and true. If well cared for will produce larger and finer asparagus in TWO years than other varieties at five. Beware of spurious seed.

Don't go to the expense and bother of buying plants when you can get such a quick and easy grower as this.

Large packet with full cultural directions, 10 cts. 3 for 25 cts. 12 for \$1.00. 12 packets will produce \$20.00 to \$30.00 worth of plants. Both Asparagus and Asp. Plants are SURE money makers, and sell quickly at big prices. Plant a lot of it for few things pay better.

From the Editor of American Garden. TRULY A GIANT AS PARAGUS. A bunch of about 50 shoots of Palmetto Asparagus exhibited by a Phila. Gardener, beats anything ever heard of. It weighed 31 lbs.—the growth of only 3 days.

A. Winslip, Hillsboro Co., N. H. writes:—Your Palmetto Asparagus and Pop Corn are both truly wonderful. I have planted your seeds seven years and find them the best of all. Your packets are twice as large as any other, and you always send so many extras.

True Rocky Ford Muskmelon.

The advent of this valuable variety has done more to popularize muskmelons than any other sort. Over 2,000 carloads of these celebrated melons have been shipped from Rocky Ford, Colo., realizing enormous profits. Unquestionably the best early Muskmelon.

An
Amazing
Yielder.

A
Healthy
Vigorous
Grower.

Always
Brings
the
Highest
Price.

Enormous prices are paid for this variety to the exclusion of all others. Every market and home gardener should plant it largely. No other melon can bring you so much money. My seed is PURE and TRUE, and selected with EXTRA CARE. Beware of spurious seed—there is much of it offered. Pkt, 10 cts. 3 for 25 cts.

PLANT FLOWERS.

Plant flowers carefully, from house to the roadside,

To make every passer-by gaze with delight;

You can pick them for bouquets or entwine in your tresses,

And beautify home from morning 'till night.

O Dear! O Dear! we did not plant Cook's seeds this year and what a droll looking garden we have got. We might have known better than to buy store seeds anyway. We will always buy of A. T. Cook, after this, his seeds are sure to grow.

MAMMOTH MELTING SUGAR PEAS — Most Delicious of All.

Rightly named. The sweet, brittle, succulent pods are cooked same as string or snap beans—pods and peas eaten together. A "dish fit for a King." Excels all other Sugar Peas in size, tenderness and sweetness of pods, and delicious flavor. These luscious peas are too little known. Every one should grow them.

Deliciously Rich, Tender, Prodigiously Prolific.

They contain so much sugar, starch, and gluten, making them most nutritious. Height of vines 4 to 5 feet, bearing their immense pods in the greatest profusion. Every garden should have a liberal supply of this superior vegetable. Peas are very scarce this year, but I have a splendid stock, as well as of all other seeds. Remember I send EVERYTHING by mail PREPAID and guarantee safe arrival.

Per Packet 10 cts., 3 for 25 cts.,

"I can desire nothing better for this great country than that a barrier, high as Heaven, should be raised between the unpolluted lips of the children and the intoxicating cup." John B. Gough.

NEW EARLY WHITE VELVET OKRA.

Okra is a fashionable Southern vegetable, of the easiest growth, and matures first season even in the extreme north. Pods are used when young and tender, are excellent for soups, stews, etc., and really delicious when pickled.

The White Velvet is best of all Okras, very early and distinct. The pods are round, smooth, and handsome; much larger than any other

and of superior flavor and tenderness. Very prolific. Why not try Okra this year? You will surely like this splendid new variety. It is one of the good things no one should do without. Packet 5 cts.

NEW EARLY TREE TOMATO.

I think this more nearly resembles a tree than any other. It stands up like a tree, with a stiff, vigorous upright stalk—with fruit well up above the ground. Bears very abundantly, fruit good size, smooth, bright red color, and of superior flavor. A valuable, curious acquisition very ornamental and useful. I am sure all will be pleased with it. Pkt. 10c 3 for 25c.

IF YOU CANNOT do me a greater favor than to show my Catalog to your friends, and allow them to use it for sending their orders, and getting up Clubs.

NEW CHINESE GIANT PEPPER.

The Chinese Giant is by all odds the largest and finest of Peppers. It is the grandest sort for salads—stuffed for mangoes—or sliced and served like tomatoes. For market are twice as profitable as any other, as they bring such fancy prices. Plants are stocky habit, about 2 feet high, and loaded with enormous fruits. 22 of these gigantic Peppers have been counted on a single plant. They are very mild, sweet as an apple and ripen early. Every one will want to plant it I am certain.

READ THE FOLLOWING FROM THE
EDITOR OF THE RURAL NEW YORKER
TO WHOM A FEW SEEDS WERE SENT FOR TRIAL.

"We grew the Chinese Giant Pepper with much pleasure, and found them veritable monsters. Their highly colored fruit is a pleasant addition to summer salads. The flesh is thick, tender, and sweet, without any burning taste. The plants grew finely, and the immense peppers—often more than 6 inches in diameter and depth make a very handsome show in the garden. The Chinese Giant is earlier than the Ruby King."

True Stock, Packet 10 cts., 3 for 25 cts.

Premiums Given for Drawings.

I am greatly interested in Pen Work and Drawings of every description. Every one should learn to write well. A little pluck and perseverance will make any one a splendid writer. When a boy on the farm I spent much leisure time and many long winter evenings drawing pictures, writing, and pen flourishing. I have not forgotten it yet, and hope sometime to make some samples for all my friends.

I will be delighted to receive drawings of all kinds, pen flourishing, etc., from my friends and customers. Even children's crude work—if neat and clean—will be greatly appreciated.

To any one sending me samples of their best work (along with an order for seeds) I will send them some special nice flower seeds, and also another Present for their trouble—I also hope later to send them some ornamental work from my pen.

I don't expect many of you can do as well as my friend J. O. Hulbert of Conn. who drew with his pen the

Cheer Card shown,—but do the best you can and send them **ALONG WITH AN ORDER** for seeds for yourself or friends, and you will not regret it.

Be sure and write your name and address on the back of all drawings, so I can remember you later.

Please show this offer to all who are interested.

Photographs also Wanted.

**Connet or Dishcloth Courd.**

A charming climber from Japan. A great curiosity. Has beautiful dark silvery shaded foliage and clusters of large yellow blossoms. Very ornamental. Fruit one to two feet in length.

A natural dishcloth, and a most admirable one is furnished by the peculiar lining of this fruit which is sponge-like, porous, very tough, elastic and durable. Many ladies prefer this dishcloth to any prepared by art. As a substitute for sponges in the bath, and for many other toilet purposes they have no equal. For fancy work they should be gathered before they get fully ripe and dry; the lining then is of a delicate cream color resembling embossed antique lace. Beautiful card baskets, bonnets fans, etc., can be made from it. In the extreme North this variety requires to be started in a hot-bed.

Packet 10 cts., 3 for 25 cts.

The Foot-Path to Peace.

To be glad of life, because it gives you the chance to love and to work and to play and to look up at the stars; to be satisfied with your possessions, but not contented with yourself until you have made the best of them; to despise nothing in the world except falsehood and meanness, and to fear nothing except cowardice; to be governed by your admirations rather than by your disgusts; to covet nothing that is your neighbor's except his kindness of heart and gentleness of manners; to think seldom of your enemies, often of your friends, and every day of Christ; and to spend as much time as you can, with body and with spirit, in God's out-of-doors—these are little guide-posts on the foot-path to peace.

Henry van Dyke—in the "Outlook."

MARKET GARDENER'S BEET.

Undoubtedly one of the best novelties ever offered, and it receives much praise from my customers. It is very symmetrical with small tap root and unusually small tops. One saving only is necessary to produce early beets for market and main crop for winter use. By the 1st of October they measure 6 to 8 inches in diameter and average 5 lbs. each. Color deep blood red; fine grained and unsurpassed in quality. Summing it all up, I find it a good beet for early

and the best beet for winter use. It is one of the most profitable beets for the market garden, and family use. Packet 5 cts., 6 for 25 cts.

The Resurrection Plant. [Siempre Viva.]

Cuts show plant open and closed.

This exceedingly rare and wonderful plant in its dry state, is a shrunken ball of tightly coiled leaves and stems, apparently dead. In this form it will live a hundred years or more. When immersed in tepid water—the leaves unfold and the whole plant is quickly resurrected and transformed into a rosette of beautiful velvet green, both odd and marvelous. It can be resurrected again and again indefinitely—by being allowed to curl up and dry each time.

The whole plant kingdom cannot show anything more astonishing. It is a rare and beautiful thing—a most interesting curiosity to all. You could not find a more unique or pleasing present to give your friends. I have a large stock of selected plants—and am sure that they were never before offered at such low prices. 1 Plant, 15 cts. 2 for 25c. 8 for \$1.00.

LITTLE GEM SWEET ALYSSUM.

The Little Gem plants are very dwarf, and each one spreads so as to completely cover a circular space 12 to 16 inches in diameter. They soon become one mass of white, remaining in full bloom from spring to fall.

More than 400 clusters of flowers in full bloom have been counted on one plant. Little Gem is sweetest and best of all flowers for single specimens, borders, ribbons, etc., and might well have been called "Snow White Carpet Plant." Of the easiest culture. Do not forget this favorite, fragrant flower when you order.

Very Choice Seed, only 5 cts. per pkt. 6 for 25 cts.

Be Sure and read the following from H. A. McQuiston, Pansy Specialist of Preble Co., O.

"Mr. A. T. Cook:—I have used the best Pansy Seed of many leading seedsmen, and yours clearly surpass them all in vigor of plants, size and number of blossoms, and great diversity of color. Everyone greets them with words of praise and astonishment. It is no trouble to sell plants from your seeds—they sell themselves."

From Miss Mary Nesbit, Pa. "I had the loveliest of flower beds from your seed, and lots of people walked two miles to get a bouquet. Many city boarders came and purchased flowers. The Sweet Peas, Sweet Williams, and Verbenas were especially beautiful. I cannot thank you enough for the extras. My Aunt said, 'I have seen people get extras, but I never saw the like of this man before.'"

NEW BANANA MUSK-MELON—Grows Over 2 Feet Long.

This curious new variety originated with one of our best growers in South Jersey, and is pronounced by him the most profitable variety he has ever grown. He realized an average of forty

P. Bliss, Lake Co. Mich. writes:—Mr. A. T. Cook. Your Melons are magnificent; I grew hundreds of luscious ones. The Banana's were 23 inches long and 6 inches in diameter. I want your seeds again, and all our nabors who saw our garden want them also. Please send several catalogs.

cents each for his entire crop, as they were eagerly sought after in the Philadelphia markets on account of their great oddity of shape and appearance. They look and smell like overgrown bananas. They grow from 20 inches to 2 feet long, are very productive, with deep yellow flesh, by many preferred to any other variety. They have a remarkable and delicious fragrance, one melon will scent the house. A great curiosity, and sure to attract attention. Packet 5 cts., 6 for 25 cts.

"The Banana Muskmelon is one of the best I ever raised. Your Cabbage exceeded all expectations—the finest I ever grew. The King of Mammoth Pumpkin is certainly a wonder. All your seeds were just fine!" C. B. Spangler Napoleon, O.

NEW PROLIFIC TREE BEAN.

A new and valuable variety, and by far the most prolific dwarf bean known; growing about twenty inches in height, branching out in all directions, bearing its pods in marvelous profusion, and so high that they do not touch the ground, enabling it to stand a wet spell without injury. They often yield one hundred bushels to the acre, and a single plant has produced the enormous number of 399 full sized pods. Plant in rows 3 feet wide and 12 inches apart in the row, one bean in the hill. Do not crowd them. They are a shell bean for winter, pure white in color, and a prodigious bearer. Extremely profitable. They are of fine flavor. Packet 10 cts., 3 for 25 cts.

ROBERT SMITH, York Co., Maine, writes:—Your New Prolific Tree Beans outyield anything I ever saw, and I must have some more.

D. K. BEAR, Middlesex Co., Mass., writes:—The Prolific Tree Beans produced the biggest yield I ever saw or heard of: 37 plants produced 8 quarts good measure. I shall plant a large piece this year.

Mammoth Salsify, or Oyster Plant.

A vegetable that is sure to be called for where it is once introduced. It is a good substitute for oysters, being very wholesome and nutritious. The roots are either boiled or mashed, and made into fritters, in which form they are delicious. For an oyster stew, cut the roots into small pieces, cook until tender, then add the other ingredients same as for oysters. The roots are perfectly hardy; may remain in the ground all winter. No garden should be without this splendid vegetable. Packet 5 cts., 6 for 25 cts.

From EDWARD BEARD, Economy, Ind. We have used thy seeds for three or four years and will say that we have never dealt with any seedsman that sent out such good seed, so neatly packed, and in such liberal quantity.

Extra Curled Cress or Peppergrass.

An appetizing relish of fresh piquant taste, often added to lettuce and other vegetables for variety.

It is very quick growing, dwarf and compact; leaves finely cut and feathery. Ornamental, caisp, and pungent; very refreshing. Packet 5 cts., 6 for 25c.

Thousands of Dollars

have been made by growing new varieties of Potatoes. Who knows but you may do as well from the product of my famous hybridized "seed-ball" seed. This is truly a marvel, and the multitude of seedlings grown from it have become the wonder of potato growers. Every farmer's boy—every enthusiastic planter should try 3 pkts. (25c. worth) at least. **My Fortune may be in one of them.**

NEW INTERMEDIATE CARROT.

Best Carrot in the WORLD.

This is certainly the best main crop carrot. It is a tremendous yielder. Of deep orange color, large size—often 3 or 4 inches in diameter and 10 or 12 inches long, very regular and smooth, and the most uniform of all. For private growers and truckers it is ideal, being of the highest quality—and for stock feeding it is of the greatest value, its yielding capacity being perfectly enormous. Selected seed. Large packet 10c., 3 for 25c.

GOLDEN QUEEN TOMATO.

One of the very best tomatoes ever introduced. It is solid, very smooth, free from ridges, large in size, ripens up early, and is by far the most beautiful yellow variety ever sent out. A Wonder Among Cucumbers.**Extra Long Green Giant Cucumber.**

A veritable giant among Cucumbers, and merits the highest praise. Enormously large and handsome, many specimens growing from 20 to 30 inches in length. It is a very strong grower, fruit straight, smooth, uniform, and produced in great abundance. It has few seeds, (not one-fourth as many as other sorts) quality excellent, crisp and tender. A very fine pickling variety, and unexcelled for slicing. Every one should grow this remarkable novelty. No variety will equal it for exhibition. It will be a wonder to yourself and all beholders.

Packet 10 cts. 3 for 25 cts.

"The Green Giant Cucumbers were splendid. My neighbors were astonished at their great length. One measured 23 inches."

Lulu Williams. Westville, I. T.

"The Long Green Giant Cucumbers were grand, and of immense size. They were the wonder of the community. 7 left for seed were all over 13 inches in length. Your Short Stem Drumhead Cabbage, Powells Beans and Coffee Berries were worthy of especial praise."

Mrs. Emma Wilhede, Lantz, Md.

CHUFAS, OR EARTH ALMONDS.

These very closely resemble in sweetness and richness of flavor a cocoanut or almond. Children are

very fond of them, and each one should have a chufa patch. They are much grown in the South to fatten swine, poultry, etc. They succeed perfectly at the North, my plants yielding from 300 to 600 fine, large chufas each.

They are a rich and healthy food for poultry of all kinds. Directions for planting, etc., on each packet. Pkt 10 cts.

ARTHUR HORTON, of Ponce, Neb., writes: "The chufas I got of you are all you claim. I raised over a half bushel from one packet. They are delicious eating."

**Protect The Birds.**

Protect the Birds. Encourage them in every way. They are the Farmer's and Gardener's best friends. They work for us, and sing for us from morning till night. They are God's own messengers of love. They fill our homes, our meadows, and the woods with Heavenly music. Do all you can to encourage them by precept and example. Put up houses for the wrens and blue birds. It will pay. Feed the birds in winter. I feed them every day, and they come from far and near. It is a delight to see them. I am sure no Lady customer of mine will be guilty of the cruelty of wearing birds on their hats, and I earnestly pray that each one will do their utmost to convert others from this barbarous practice. A. T. Cook.

EXTRA PROLIFIC POP CORN.

This remarkable new variety is the most astonishing yielder ever found among Pop Corn. Its enormous yields seem almost fabulous, for it produces 4 to 12 good ears on every stalk. Pops well soon as cured. Ears are 6 to 8 inches long, filled with light colored grains—very handsome. Stalks grow 6 feet high. Prof. With-

erell of Davenport, Iowa says "I selected 10 stalks on my farm with 121 ears, or an average of 12 ears to the stalk; one stalk had 19 ears." Was such a yield ever before heard of? Its popping qualities are remarkable, very large, and delicious flavor; 3 pints will make 1 bushel popped. You can raise 100 bushels of ears on an acre. Be sure and include this Pop Corn in your order. Pop Corn is a great money crop. Choice seed, genuine, packet 10 cts., 3 for 25 cts. 15 for \$1.00.

**New Stringless Green Pod Bush Bean.**

This is an ideal string bean. Absolutely unrivalled. For home use or market no other green podded bean can equal it. It combines the chief merits of all others; extreme earliness, unusual hardness and wonderful productiveness. Pods are very handsome and finest quality—the flavor being most delicious. It is so hardy it withstands considerable frost. Pods are rich green, round, straight, 6 inches long, of unsurpassed tenderness and quality. Always entirely stringless and without exception the very earliest of all beans. Packet 10 cts., 3 for 25c., 7 for 50 cts.

MONEY IN POP CORN CROWING.

Pop corn is a great money crop. Give your Boys and Girls a chance to grow a lot and make money. It will pay in more ways than one. If well cared for and soil is good, 100 bushels of my productive varieties will easily grow on one acre.

Almost the first money I made when a boy was in growing and selling Pop Corn. My varieties being so easily grown and produce such immense crops makes them especially profitable for market. They always bring good prices. This is well worth looking after. If you have no boys or girls plant a patch yourself and report result.

S. G. CAMPBELL, Tappan, O., writes: Mr. A. T. Cook.—Last Spring I got three packets of Pop Corn from you, and I raised 312 bushels, sold 212 bushels for \$3.75 have 1-2 bu. to sell yet, and enough left for winter.

W. L. ANDERSON, Ind., says:—Last year I planted 1-4 acre of Pop Corn and husked 36 bushels, a yield of 144 bushels per acre. I sold it for \$1.00 per bushel. The corn required no more labor than common field corn.

Henderson's New Bush Lima Beans.
Prodigiously Prolific. True Lima Flavor.

Think of raising Limas without poles! They grow 18 inches high, in a compact bush form, and produce enormous crops of delicious Lima Beans; (a single plant has produced 270 pods.) The beans are the size of the Sieva or small Lima, and of delicious quality. Thrives in any garden from Canada to Texas. It is two weeks earlier than the common Lima, and continues in bearing the entire season. Packet 10 cts. 3 for 25c.

I had the finest tomatoes from your seed I ever saw. One Monster Ignotum weighed two pounds and 14 ounces. H. B. Wallis, Columbia Co. Ark.

Mammoth Ignotum Tomato.

All should plant the new Ignotum Tomato. A "priceless paragon" in the Tomato line. The earliest extra LARGE tomato. The most valuable large tomato ever introduced. It will wipe out fifty old sorts at a sweep. Bright red color, always smooth and solid, uniformly LARGE size. Why grow a poor sort when you can have such a variety as this? Beware of cheap Tomato seed which is often the vile product of waste from Canning Factories. My seed is carefully grown and selected. Packet 10 cts. 3 for 25 cts.

The Ignotum Tomato is best we ever had. I did not think it could equal your description—but a trial proves it really does. John Erwin, Harrison Co. Ohio.

From a careful test of 45 different varieties I find the Ignotum the best of all. J. Gregory, Essex Co. Mass.

A 9 year old Club Raiser.

Mr. A. T. COOK:—I am very much pleased with my watches. I gave one to brother. I am only 9 years old and got up my \$6.00 club in one day. Any boy or girl can have a nice watch if they only try. I will get up a much larger club next year. Papa is much pleased with his seeds. J. Lent. Hopewell, N. Y.

Extra Early Purple Top Milan Turnip.

The earliest in cultivation, adapted to spring or fall. It is fully one week earlier than any other sort, and of superior quality. The bulb is flat, medium size, smooth, with a bright purple top; leaves few. The pure ivory-white flesh is of the choicest quality, solid, and fine grained. Very mild and sweet. A good keeper. Of great value to all private and market gardens. Pkt. 10c.

Boys, You Can Make Lots of Money Growing Veg. Plants.

I know you can for I need to do it myself. I have sold over \$75.00 worth of Celery plants alone to my neighbors in a single season. Cabbage, Tomato and Celery plants sell best. Pepper, Cauliflower, Lettuce and Egg Plant sell good too. Asparagus plants always sell well and bring big prices. (Fancy Plants ditto.)

You can soon build up a very profitable business in plants if you try, that will increase from year to year. There is everywhere a good demand at paying prices. Plant a dozen pkts. of above varieties and fill up your pocket-book. After you have your early beds all made and planted, and have sent in your club for Cook's seeds, you may go

Old Homestead, or Wonder Pole Bean.

The best of all green Pole Beans, and is fit for the table fully 10 days before any other. Enormously productive, the pods hanging in great clusters from top to the bottom of the pole. It is absolutely stringless, pods beautiful, and tho' very large always cook tender and melting. With Old Homestead for early, and Powell's Prolific for late, you can luxuriate in delicious string beans the whole season. Selected Seed, Large Packet 10 cts. 3 for 25c.

Golden Tankard Mangel-Wurtzel Beet.

This is decidedly the finest mangel in cultivation, and best for dairy use. Of very large size, clean and handsome, easily pulled as it grows two-thirds out of the ground; will bear close planting. The flesh is rich golden yellow, exceedingly nutritious. It is early, hardy, and a very heavy cropper. The Golden Tankard has quickly taken the lead of all other varieties. It contains a large percentage of sugar and is much relished by milch cows and sheep. One of the best of keepers. Farmers should give root crops more attention. The wonderful results of feeding roots are plainly seen in the health and condition of the animals, and in the greatly increased yield of milk and rich, golden butter in cows. Do not miss planting a good size patch. It will be dollars in your pocket.

Selected seeds in LARGE PACKETS 5 cts. each, 6 for 25 cts.

Improved Purple Top Yellow Rutabaga.

This variety cannot be too highly recommended, and no sort will produce such handsomely formed roots, or greater yield. It is of the choicest quality, and full of nourishment; very solid, of a beautiful orange color, with a handsome purple top. Will keep all winter and even into the following summer. It is the result of many years of careful selection.

Large Golden Oregon Onion. — A Great Money-Maker.

I offer my customers and all critical onion growers seed of my select strain of Golden Oregon Onion. This is a very handsome onion, thin yellow skin, white flesh, fine grained, firm, and of extra flavor. It is the result of years of labor in the most careful selection with a view to EARLINESS, PERFECT SHAPE, SOLIDITY, and EXTRA KEEPING QUALITIES. I hope every one of my customers will plant it. All growers who give special care may certainly expect extraordinary results. I have received a host of testimonials from all sections—in favor of this remarkable onion, and no one should miss this great money-maker—for it will be money lost. My grower writes,

"I PLANTED a measured half acre and gathered from the same 452 bushels. This is at the rate of 904 bushels per acre.

In an exhibit of 17 varieties of onions at our State Fair the Golden Oregon took the first premium over all competitors. It is certainly the most remarkable onion before the people to-day."

E. Pollock of Mich. writes:—We planted your Golden Oregon, and they were the nicest onions ever raised here—and this section is noted for its fine onions.

ADDRESS, A. T. COOK, HYDE PARK, DUTCHESS CO., N. Y.

POWELL'S PROLIFIC POLE BEAN.

Thoroughly tested and proved to be the greatest Novelty ever introduced. **Read** his testimonials and judge for yourself.

WHY NOT

Read These?

A. T. Cook, Dear Sir:—I received the Watches all right. They are grand. I showed them to my neighbors and gave them your Catalogs, and FIVE have already got up clubs and received watches. Every one is pleased. Your seeds are O. K. and your Prem. offers beat the band. Yours truly, John Burns, Ont. Co. N. Y.

Miss E. North, Litchfield Co., Conn. writes:—I take much pleasure in getting up clubs. I found friends ready and willing to give me their orders. Your Premiums are grand, and seeds satisfactory in every way.

POWELL'S PROLIFIC POLE BEAN.

This wonderful new variety, (first introduced by me,) originated in North Carolina—a few seeds were kindly sent me for trial by Prof. R. S. POWELL, who writes:—"They are an extraordinary snap bean, surpassing anything ever seen in our section—bearing profusely, and continuing until frost; they are very tender and palatable—six hills are

enough for a family."

I have found this bean a most rampant grower, one plant filling a pole with a mass of vines—densely loaded with luscious beans. I do not claim too much when I say they **Are more than twice as productive as any other variety in existence.** They are a sight worth seeing; almost a solid mass of pods from the bottom to top of the pole.

The handsome green pods average 8 or 9 beans to the pod, grow very uniform, about 6 inches long; perfectly stringless, very thick meated, tender, rich and buttery; possess an exquisite flavor when cooked—many calling it without exception the very best bean grown. It is a late variety and continues in bearing so long it might well be called "everbearing." I on y offer it in packets.

Packet 10 cts. 3 for 25 cts.

BE SURE AND READ THE FOLLOWING.

Mr. A. T. Cook. Your Powell Pole Beans are WONDERFULLY prolific. I never saw anything to compare with them.

From 16 hills we sold \$7.65 worth and had all we could eat. I verily believe the hills would have paid 75 cts. each, had all been sold. You cannot over-recommend this MONEY-MAKER. You should say in your catalog that an ordinary pole will not stand up under the load of beans. We had to prop up nearly every pole. This year will use heavy poles and trellis wire. A. J. Packard, Saco, Me.

S. E. Gwinn, Fayette Co. W. Va. writes:—From 6 vines of the Prolific Beans I sold 3 bushels—a family of 9 eat from them liberally, and there is still a bushel on the vines. I never saw anything to compare with them. All your seeds done well.

Amy Thompson, Gallia Co. O. writes:—I raised 1800 Powell Beans on ONE VINE; which was the greatest yield I ever saw.

Mrs. C. E. Lissford, Kinards, S. C. writes:—From 5 vines we ate beans all summer, and then gathered over one-half gallon of seed. They were the admiration of the neighborhood: I have picked a full mess of beans for dinner, without changing position at the vine. Our summer was dry, but the vines continued green and bearing, while all other kinds of beans dried up; they are the best bean I ever saw grow, and I cannot command words to express the true value of such a garden treasure.

Mr. A. T. Cook. Your Powell beans were the grandest I ever saw. **FROM 5 HILLS WE PICKED 5 BUSHELS.** They continued green and bearing long after all other beans were dead. I was greatly pleased with all the seeds, and especially so with the extras.

Mrs. J. J. Steward, Monongalia Co. W. Va.

World Famous Prizetaker Onion.

ITS MILDNESS OF FLAVOR AND TENDERNESS ARE UNEXCELLED EVEN BY THE BERMUDA VARIETIES.

This is without exception, the grandest variety of yellow globe onion grown for our American climate. It is the largest, handsomest, finest flavored, and in every way **THE BEST.** It is admittedly the **LARGEST** of all varieties; samples have been grown to the enormous weight of

Over 5 Pounds Each.

With good culture it produces wonderful crops everywhere; one reports "over 1200 bushels per acre;" another says "I grew 180 bushels on exactly one-sixth of an acre."

**Excels in Yield,
Excels in Size,
Excels in Quality,
Excels in Beauty.**

The Prizetaker is easily grown, ripens up hard and firm, is a good keeper, and always brings an extra price. It is certainly a wonder, and nothing short of an actual trial will convey an idea of its great value. Don't miss it. Remember my seed is American grown, carefully selected and pure.

Beware of cheap onion seed. Per Pkt, 10 cts. 3 for 25c.

H. W. Bowie, Gray, Maine, writes:—Mr. A. T. Cook. Your onion seed produced the best onions I ever saw.

Wm. M. Russell writes:—The extras you sent were most bountiful. The Prizetaker onions were up in 5 days.

WHY NOT encourage your boys and girls to grow plants for sale. There is no **EASIER** way to get a pocket of pin money, (except in getting up clubs for my seeds.) Let them plant a good lot of tomato, cabbage, celery, pepper, lettuce, asparagus, parsnips, cauliflower, egg-plant, etc. Care for them well, and paint a sign and hang by the front gate—and they will soon be taking in money, and learning business faster than they ever did before in their life. Heed this friendly hint, for it will pay you in more ways than one.

Ladies! Read This Testimonial,

AND EVERYBODY WHO WANTS A POCKET OF PIN MONEY.

Mrs. E. E. Stedman, Washington Co. N. Y. writes:—I saw your offer of a watch and took your catalog at once and started out, and in a very short time I got up the club. As I had done so well I thought I would try and sell some more seeds and earn some money. In a few hours I obtained \$20.00 worth of orders. I have a nice watch and a good lot of pin money for my trouble. Let others do likewise.

This is the first time I have tried club raising, and I have enjoyed it very much, and wish to thank you heartily for giving women and children such a chance to earn money needed for many things.

Giant Summer Crookneck Squash.

This new strain is even earlier than the common variety, while the squashes grow to an extra large size—from 18 inches to two feet long, and of finest quality.

They command an extra price in all markets. One grower reports \$125. worth sold from $\frac{1}{4}$ acre. This is the best flavored

and finest of all summer squashes. Per packet 5 cts.

Strawberry Husk-Tomato.

TRUE HEADQUARTERS SEED.

These unique tomatoes are a wonderful fine fruit, and grow from the seed in 80 days. They are simply superb for canning, preserving and pies; everyone calling them most delicious. If left in their husks, and stored in a cool, dry place they

Keep Fresh All Winter.

Dried in sugar as raisins or figs, and to use in fruit cake etc., they are unexcelled. They are a handsome golden color,—the size of large cherries, and enormously productive. They have an exquisite flavor. Many say

"Better Than Strawberries"

to eat out of hand. No one ever gets tired of them. They are hardy everywhere, and produce enormous crops even where other fruit is a failure. Packet with full directions for planting, use of fruit etc., only 10 cts. 3 for 25 cts.

New Autumn King Cabbage.

This famous "World-Beater" produces enormous solid heads of extra quality. It is one of the finest of win-

ter varieties—entirely distinct, and the best keeper.

THE BEST MAMMOTH CABBAGE in existence. Everyone is loud in its praise. All seeds extra selected, from solid, perfect heads, pure and true. Get the best—the King of all the Giants, and a prize-winner at the Fairs. Packet 10 cts. 3 for 25 cts.

"I am delighted with the Autumn King Cabbage. It is the best I ever raised." J. M. Shippett, McCrawford, Va.

"I never raised such cabbage and cucumbers in my life. The nabors tho't them wonderful." Sarah K. Caldwell, Lynn, Ky.

The Great Prize Pumpkin.

KING OF THE MAMMOTHS.

This grand, colossal variety is without a rival: it astonishes everybody by its mammoth size and heavy weight. Indeed no other pumpkin has ever attained

"Jumbo of All."

such enormous weights, or been awarded as many prizes. Think of it, a single pumpkin weighing 298 lbs. (See Cut.) Is not this the greatest of all pumpkins? In France they have been grown to still greater size, and as many of my customers have as good, rich soil—as highly productive, as any there is in France or anywhere else on the face of the earth, I see no reason why they cannot be grown much larger here. The flesh and skin of this monstrous pumpkin is a bright golden color, very fine grained, and of excellent quality. Notwithstanding its enormous size, it is one of the best pie or table pumpkins ever grown, and is a splendid keeper. I hope all enterprising pumpkin growers will give this variety a trial. You will be sure of a prize at your County Fair. Full directions on every packet, giving best methods of planting etc. to secure the largest specimens. See offer below. Extra seed saved from selected LARGE pumpkins.

Packet 10 cts. 3 for 25 cts.

EVERY PERSON who receives this Catalog should surely take advantage of the marvellous opportunities for making money, or securing valuable Premiums free of cost. Please tell your Club-Agent friends, and bright Boys and Girls—of my matchless inducements for orders.

"There is no unbelief;
Whoever plants a seed beneath the sod,
And waits to see it push away the clod,
He trusts in God."

MY SUPERIOR SEED is the very best I can grow or get. None are cheaper **QUALITY** considered. I do not try to compete with foreign trash, or that grown from scallions and refuse of crops. I could sell such for 2 cts. per packet—but they would be dear as a gift. With an experience of 25 years in gardening I know the value of high grade seeds. I have in the past, do now, and always will maintain this high standard.

KOHL RABI OR TURNIP CABBAGE.

Early White Vienna.

This is a curious vegetable—a freak of the cabbage family—with a turnip-shaped root or bulb as shown in the accompanying illustration. These bulbs are used while young and tender, served like turnips, and have a delicious cauliflower like flavor, very appetizing and pleasant. Very easily grown and good keepers. If you have never grown Kohl Rabi, try it this year. Pkt. 5c.

Small Cherkin CUCUMBER.

A rare useful pickle. A very

curious, rough, beautiful little cucumber—a distinct species—used exclusively for pickling, for which purpose it is in high favor. They are oval in shape, prolific to a great degree, and make one of the handsomest of pickles of first class quality. Plant a packet at least.

Packet 5 cts. 6 for 25 cts.

BROAD LEAVED SAGE.

Sage is most extensively used of all herbs for seasoning. The leaves and tender tops are used in stuffing, sauces, etc. Sage has many medical properties. Sow early, and thin to 12 inches. A bed will last many years. This is the best kind. Have you a bed of sage? If not now is a good time to plant one. Pkt. 5 cts.

Select Surehead CABBAGE.

"ALL HEAD, AND ALWAYS SURE TO HEAD."

This magnificent cabbage is a most valuable contribution to horticulture. The heads are very large, round, flattened on top, remarkably uniform, extra hard firm and fine texture. May be planted closer than usual as it has so few outside leaves.

This makes it especially profitable to grow. A Rose of Yates Co. N. Y. grew a head of this remarkable Cabbage of the astonishing weight of 64½ lbs.

If you want a cabbage that is practically "all head, and always sure to head" (even under adverse conditions) you will find it in the Surehead. It is a late variety, and one of the very best of keepers. Its extra quality renders it especially desirable for Home use, and select retail trade. Extra Selected Seed—saved from the best heads. Pkt. 10 cts. 3 for 25 cts.

THE ASPARAGUS BEET.

This delicious species (also called Sea Kale, or Swiss Chard) is grown for its leaves only. The leaves are used like spinach, but the great value of the plant is its large, fleshy, mid-rib of the leaves which are cut and cooked like asparagus, and are EXTRA FINE. As a substitute for asparagus nothing could be better. Ready to use in 2 months from planting and may be used continuously all summer and fall. It is a most valuable vegetable—too good a thing to miss, and I hope every one of my customers will plant it. Pkt. 5c.

EXTRA DOUBLE CURLED PARSLEY.

Parsley is a flavoring herb of highest culinary value. This superior variety has beautiful, mossy curled and crimped leaves, light brilliant shade of green, of extra fine quality. No one planting it once would ever be without it. Pkt. 5 cts.

Brussels Sprouts.

A peculiar cabbage that produces

great numbers of tender little heads from top to bottom of the stem. When boiled like cabbage, or stewed with cream like cauliflower, are very tender and delicious. Those who have tried it prefer it to cabbage. This splendid vegetable should be more generally grown. Try it this year. Pkt. 5 cts.

NEW EXTRA EARLY SUGAR CORN.

The best early—and the earliest of all Sweet Corn. Very productive and sweet. Ears good size for so early a variety, being 6 to 7 inches long. Usually two ears grow on a stalk, and sometimes 3 or 4. This is the sweetest of all early corns and should be in every garden.

Especially valuable for the market gardener, to completely control the early market. Pkt. 10c., 3 for 25c.

"I planted your Extra Early Sweet Corn on April 20th, and had roasting ears on May 28th, which was 4 weeks earlier than my other corn." ABE DAVIS,

Forest City, Ark.
"Your seeds are perfect—every one seems to grow. Your Extra Early Sweet Corn is the only kind that will mature here."
MRS. S. K. KNEELAND,
Tangiers, Nova Scotia.

You May be Disappointed

In not finding in my catalogue varieties that are largely boomed by other seedsmen. If they are omitted there is a reason for it. Is it not cheaper for you to be disappointed now than at the harvest time? All unworthy sorts are left out of this catalogue.

Don't Forget

THAT EVERYTHING I offer in this Catalog is sent by mail prepaid to your nearest Postoffice; safe arrival guaranteed.

If the Seeds, etc., you order fill more than one box, I pack them in two, or three, or even a dozen if necessary—but never send by Express.

All you who have had to make many special trips to the Exp. Office, and then pay extravagant Exp. charges (sometimes even more than the whole cost of the seeds) will appreciate my method of sending, and the advantage of dealing with me. (Tell your friends of this.)

New Winter Pineapple Muskmelon.

The Winter Pineapple differs from all other muskmelons in shape and appearance of the fruit and its wonderful keeping qualities. The melons weigh from 8 to 12 lbs. each. It is a most valuable novelty. These splendid melons do not ripen on the vines like other muskmelons, but have to be picked in a green state, before frost, lain away in a cool, dry place where they will keep sound and sweet for several mos.

When wanted for use bring them in a warm room, where they will ripen in a few days and be ready to eat.

The flesh is unusually thick, solid, and melting; a light green color and has the most delightful flavor imaginable, being rich, spicy, and delicious, with an agreeable pineapple taste.

The Artist, (Mr. Blanc, of Phila.) who has made engravings of, and tasted nearly all the new melons introduced in the past ten years, says "Winter Pineapple is decidedly the finest flavored muskmelon I have ever eaten." Large Packet 10 cts., 3 for 25 cts.

Everblooming Petunias.

ALSO AN ELEGANT POT PLANT.

I desire to call attention to these entrancingly lovely flowers. They are a superb mixture of wondrous beauty—over 40 varieties. They comprise an endless assortment of colors, shades, and markings. The Petunia is the "Peoples Flower." They will bloom in a month or so after planting, and will continue to produce a perfect cloud of brilliant blossoms until hard frost. No one who loves flowers should fail to plant them. Pkt. 10c. 3 for 25c.

Mr. A. T. Cook:—Your Petunias were a perfect delight all the summer long. The blossoms were immense, and of the most beautiful tints. In the fall they were taken into the house, and they have bloomed continuously all winter. Mrs. C. C. ALFORD, Mass.

FLOWERS.

"God might have made the earth bring Enough for great and small, [forth The oak-tree and the cedar-tree, Without a flower at all.

He might have made enough, enough For every want of ours, For luxury, medicine, and toil, And yet have made no flowers.

Our outward life requires them not, Then wherefore had they birth? To minister delight to man, To beautify the earth!

To comfort man—to whisper hope Whene'er his faith is dim, For He who careth for the flowers Will care much more for him!

This Pumpkin is of medium size, pear shaped, flesh thick, creamy white, fine grained, dry, and of most excellent flavor. Hardy, productive, a good keeper. The best variety for pies, and equal to many squashes for cooking. Packet 5 cts.

Tennessee Sweet Potato

Pumpkin.

"Count that day lost whose low descending sun Views at thy hand no worthy action done."

True Chicago Pickle.

This specialty has become a standard variety, and is undoubtedly the best Cucumber for pickles, and is used almost exclusively by the most progressive pickle factories. It is a continuous bearer, and its productive qualities simply marvellous. I have a very choice strain of seed. Packet 10 cts. 3 for 25c.

NEW EXTRA EARLY BEET.

After a careful trial for several seasons, I am glad to offer this new variety as one of almost inestimable value. How many of my Market Gardening friends believe that there is anywhere in existence a nice, smooth, garden beet, of deep red color, which will produce roots of suitable size for market TEN DAYS in advance of the old early sorts. Well friends this variety does that very thing; I was incredulous until I planted the seeds and tested them side by side, and watching their growth almost daily, saw a finely formed root develop on every plant of this new variety, before other early kinds began to bottom. The flesh is delicate, rich, and sugary; very fine grained. It is in every way an ideal Table Beet. Every garden should contain it. Young plants make splendid greens. Packet 10 cts. 3 for 25 cts.

Coral Gem Bouquet Pepper.

Is the finest and most productive of the small varieties. Hundreds and hundreds of the small, bright-red

peppers on every plant give each the appearance of a Bouquet of Corals. It is the prettiest thing out when grown in pots, and delights every lover of the beautiful. Besides its great beauty, it serves the housekeeper in a most convenient way when pods are wanted for seasoning. In the open ground plants grow to a

height of 24 to 30 inches, so densely set with pods as to bend its branches down. It is the best of all for pepper sauce. Packet 10 cts. 3 for 25 cts.

COOK'S PERFECTION PARSNIP.

thightly named, and without doubt the finest strain of Parsnip that can be produced. It is a wonderful improvement on the old sorts, and no one desiring the best should fail to grow it. The roots are very smooth and handsome; tender, sugary, fine-grained and of most excellent quality. Customers are unanimous in praising it.

This is truly a delicious vegetable, very fine stewed, fried, boiled, etc. All who do not like the old poorer sorts are recommended to try this.

It produces enormous crops; and the short, thick roots are easily gathered. It is without question the best for home use, market, or exhibition purposes.

While this is essentially a table parsnip—it is also superior to all others for stock feeding owing to its great size and extraordinary sweetness.

Large packet, selected seed 10c. 3 for 25c.

Perfection Camera Free for a \$6.00 Order.

A Most Astonishing Bargain—No One Should Overlook It.

Never before has such a large, high grade, practical Camera been offered on such easy terms. It is a superb instrument, and exactly the same as used by Professional Photographers for the highest class of work. It is just the right size, and takes beautiful, clear, sharp pictures $3\frac{1}{2} \times 3\frac{1}{2}$ inches.

It is very simple, very strong and very durable—nothing to get out of order. It is elegantly finished in beautiful seal-grained cover—with handle. The Lenses are achromatic of the HIGHEST GRADE, very expensive, made of both crown and optical flint glass, and set for UNIVERSAL FOCUS—a feature of the greatest value, as it always brings everything in the picture both far and near SHARP, DISTINCT and CLEAR. No cheap camera can use this lens, and many costing \$10.00 to \$20.00 have much inferior ones.

The shutter is simple and practical, and is for both time and snap-shot exposures. The view finder is important and shows you exactly what will show in your picture. Camera uses glass plates, which are best and easiest to handle. Capacity three double plate holders, (8" x plates.)

Remember this Camera is high grade, and will turn out ABSOLUTELY PERFECT work. It is fully guaranteed in every respect. Its size $4\frac{1}{2} \times 5\frac{1}{2} \times 7\frac{1}{4}$ inches. Dealers sell Cameras inferior to this for more than I ask for seeds and premium both. I send with every Camera 1 Double Plate Holder, and Complete Instructions in Photography—a large, valuable book, with everything so plain that even if you have never taken a picture you can make good photographs from the start.

This Instruction Book is by a Practical Teacher in Photography with 15 years experience. It answers all your questions. Tells you all the secrets, solves all your difficulties, and makes photography easy. It gives dozens of receipts, tells you how to

make developers and solutions, tells you how to avoid all troubles, how to make money in Photography, and a hundred other things, all plain and simple. It is a Book worth many dollars to any one.

I GIVE the above superb Camera, with double Plate Holder and Instruction Book, free for a \$6.00 order for anything in my catalog; all sent by mail promptly and prepaid. You never saw such a bargain. I want 10,000 customers to obtain it, and I especially request that you show it to your friends.

Same style Camera, larger size, taking pictures 4×5 inches, Plate Holder and Book, free for a \$8.50 order.

Remember every Potato Collection includes all the splendid Novelties described above. All liberal size Packets. All free with every order. I do this to introduce my seeds. It is my advertisement. You know I always give my customers what others pay for their bulky catalogs and newspaper advertising. I know you approve of this, and am sure you will be glad to help me in return by handing out my catalogs and circulars, and speaking a good word for me. Please do this and I will remember your kindness.
